

Installation Instructions

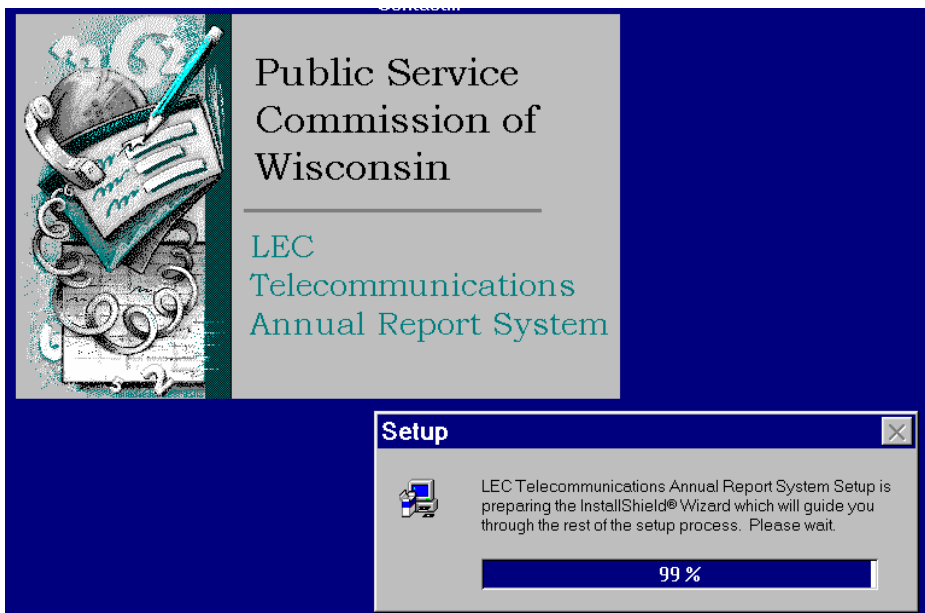

LEC Telecommunications Annual Report Maintenance Release Version 8.01

This maintenance release will copy the PDF help files to the users computer and replace certain program files originally installed by version 8.00. The program will automatically detect the location of version 8.00 and copy the new files to the appropriate location.

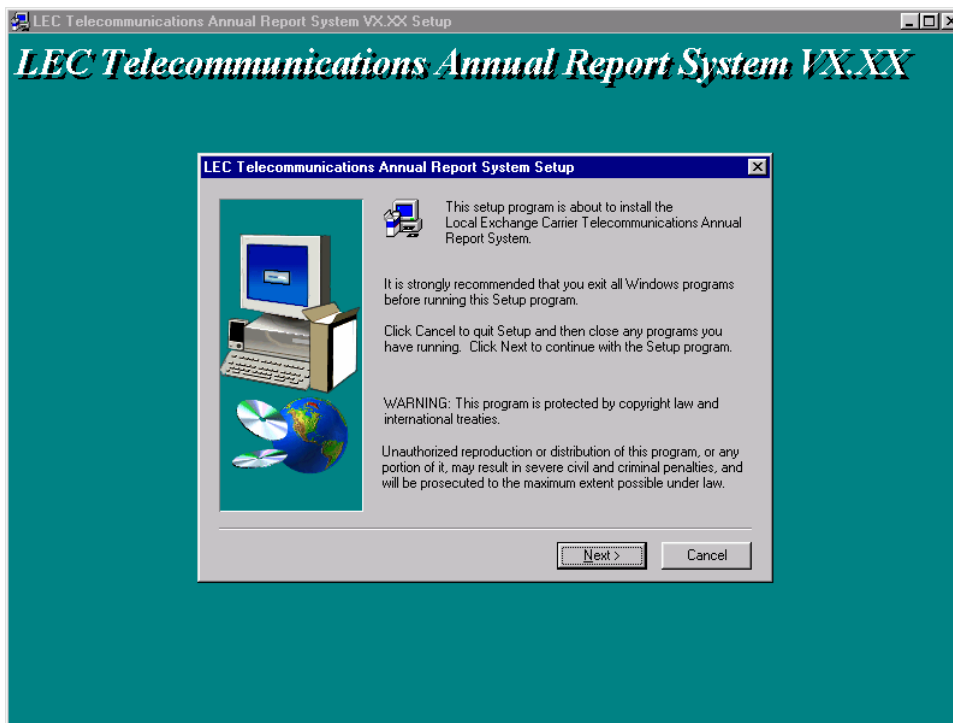

This program WILL NOT delete any data.

Installation Instructions

1. Delete the contents of C:\PSC_INST\TELEARS folder.
(This folder should only contain PSC annual report installation files. If other files have been saved to this folder, move them before deleting the contents of the folder.)
2. Download the Installation File (TARS801.EXE) from the Public Service Commission Web site (<http://psc.wi.gov>) to C:\PSC_INST\TELEARS.
3. Exit any programs that are running.
4. Click the Start menu and select Run.
5. Type C:\PSC_INST\TELEARS\TARS801.EXE.
6. Click OK.
This will uncompress and launch the maintenance release installation program.
7. A splash screen will appear for a few seconds while the Setup program is preparing to install the program.

8. When the Welcome screen appears (as shown below), click the Next button to continue.

9. When the program begins installing a new screen will appear with a progress meter. As each file is installed, the progress meter shows the file name and the directory where the file is being copied. The progress meter also shows the percent complete of the installation program.
10. When the program has finished installing the Setup Complete window will appear. Click the finish button.

Starting the Program

This maintenance release will not create a new icon. Use the original icon for the annual report program.

- Double click the "LEC TELE ARS V2003" icon on the Desktop.
- OR
- Click the Start button on your taskbar. Go to Programs, LEC TELE ARS V2003.
